

"Your chance to choose
your success"

Post 16 Courses at Tudor Grange

In partnership with the Tudor Grange Academy Worcester (TGAW) we are delighted to be able to offer an exciting range of post 16 opportunities for our current year 11 pupils.

Pathways to post 16 success.

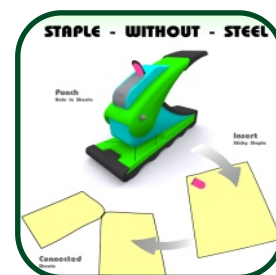

We are offering BTEC level 3 Higher Diplomas in subjects including Sport and Performing Arts. These courses will be delivered in partnership with TGAW and the University of Worcester. This link will open up great opportunities for students including the chance to use the facilities of one of the countries fastest growing universities who are committed to working in partnership with schools.

A Level courses here at Tudor Grange

We are also offering a range of A level courses here at Tudor Grange. This will mean that students will be taught by teachers who know them, in small groups, with lots of one to one support. We are looking to build on the way we help pupils in their key stage 4 courses to achieve the same level of success at post 16. The core of teachers who will be delivering the A level courses have a proven track record in teaching the International Baccalaureate for the past four years. Others have 6th form experience or high level qualifications. Interest in these courses is growing rapidly. We already have a good number of applications in the sciences and maths and other areas are starting to take off. Some courses available are totally new such as Philosophy and Government and Politics; others do not require GCSE experience such as Business, Food and Nutrition and Media.

Find out more

The courses on offer are constantly being updated and information is going on the school website and for the pupils directly on the pupil portal of the Learning Gateway. Please have a look or ask your tutor to check the portal for you. At school any interested pupil in year 11 can see Mrs. Stone-Fewings or Mr. Flood. And remember you can always email via the school website.

What specification is proposed? WJEC AS/A level Product Design
Product Design AS/A Level

Furniture Design

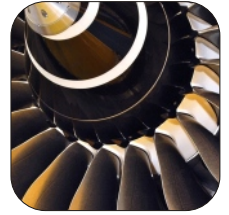

Product Design

Interior Design

Automotive Design

Architecture

Engineering

What will I be covering in the course in Year 12 (AS)?

DT1 20% 2 Hours

Examination paper

This paper will contain two sections which will assess the candidates' knowledge and understanding drawn from the subject content for one focus listed under:

4.1.1 Designing and innovation

4.1.2 Product Analysis

4.2.1 Materials and Component

4.2.2 Industrial and commercial practice.

Section A questions require short answers:

Section B questions require open-ended essay type responses.

DT2 30% Approximately 40 Hours

Design and Make Task

Candidates will submit one design and make task which will satisfy the AS assessment criteria.

What will I be covering in the course in Year 13 (A2)?

DT3 20% 2 ½ hours

Examination paper

This paper consists of three sections and will assess candidates' knowledge and understanding drawn from the whole subject content of one focus area. Section A and B questions require short answers and Section C questions require open-ended essay type responses and will specifically address the subject specification content listed under:

4.1.1 Designing and innovation

4.1.2 Product analysis

4.1.3 Human responsibility

4.1.4 Public interaction

4.2.1 Materials and components

4.2.2 Industrial and commercial practice

4.2.3 Processes

4.2.4 Production systems and control

DT 4 30% Approximately 60 Hours

Major Project

Candidates will undertake a single substantial project. Each year the WJEC will set eight themes for the project, though candidates may also submit their own proposals for approval. The project requires candidates to demonstrate the integration of designing and making skills and knowledge and understanding. Candidates will submit a major project which will satisfy the A level assessment criteria.
